5. Initial academic standing is determined on the student’s status at his/her transferring institution. After that, academic standing is based on the student’s institution GPA.

6. Once the credit becomes a part of the student’s official record at Southwest, it will not be removed.

7. The maximum number of transfer credits including alternative forms of credit acceptable towards a student’s academic program is three-fourths (3/4) of the program’s required credits.

8. If credit for a particular course is not accepted by Southwest, the student may appeal to the appropriate department chair for analysis and reconsideration of acceptance of the credits.

9. Credit courses over five (5) years old may need to be reviewed by the academic department for usability in particular programs of study.

10. Some programs of study require a specific letter grade in a course for progression or graduation. For example, a “C” or better may be required. If a grade of “D” is transferred in, the student will have to repeat that course.

11. Courses not deemed as comparable in content to a course in Southwest’s inventory will be transferred as electives.

III. Appeal Process

To appeal the evaluation or transferability of a course, the student must submit a written request to the appropriate department chair for reevaluation of the transfer credit. The department chair will notify the student of the final credit decision via the Southwest email system.

IV. Maximum Transfer of Credit

The maximum number of transfer credits including alternative forms of credit acceptable towards a student’s academic program is two-thirds (2/3) of the program’s required credits.

V. Appeal Process for Maximum Transfer of Credit

To appeal the maximum number of transfer credits, the student must submit a written request to the Associate Vice President of Academic Affairs or an academic dean. The department chair will notify the student of the final credit decision via the Southwest email system.
