Mission

The mission of Southwest Tennessee Community College is to provide the citizens of Shelby and Fayette counties and the surrounding Mid-South region with a high quality and affordable post-secondary education that prepares them for associate degrees, future educational opportunities, and successful employment.

As a comprehensive, open-access, culturally diverse, public two-year college, Southwest is committed to meeting the educational needs of individual students, communities, and employers through credit and non-credit instruction using both distance learning technology and traditional campus-based classes. Southwest promotes student success in a supportive teaching and learning environment designed to raise educational levels, promote work-readiness skills, enhance career advancement, prepare for university transfer, and enrich personal lives.

Academic Advising Mission

The mission of Academic Advising is to provide the faculty of Southwest Tennessee Community College with academic training, advising tools and develop peer mentoring to enhance faculty academic advising skills.

Academic Advising

Southwest is dedicated to student learning and academic success. To encourage and foster student commitment to, and involvement in the learning process, the College provides a comprehensive program of developmental academic advisement. Students are advised by Faculty Advisors in academic departments and by Academic Advisors in the Advising centers.

To ensure students are on the correct, shortest paths to graduation, Southwest requires all degree-seeking students to be advised every semester.

Advisors provide guidance, direction and information for the students’ academic experience. However, students have the ultimate responsibility for correct course selection and non-duplication of course work.

Description of specific advising procedures is available on the College website.
Internet Resources

Southwest Tennessee Community College maintains a Home Page on the Internet where information about the College and its academic programs and policies is available. The Academic Calendar that contains dates important to registration, admissions, and special events is an important Web resource for faculty and students. Visit SOUTHWEST homepages for the latest information. http://www.southwest.tn.edu
